DRY LAW MAZE

Los Angeles, Cal., May 16.—(Special.)—After spending part of the day in the psychopathic ward at the general hospital, where she was quieted after a midnight outbreak at her mother's home, Alma Rubens, movie actress, was hurried today to the state hospital for the insane at Patton.

At the Hollywood home of Mrs. Theresa Rubens, her mother, the actress created an early morning uproar by a savage attack upon her nurse,

threatened to kill herself, her mother and others and fought deputy sheriffs who subdued her only after a strug-gle of ten minutes.

The actress was sent to Patton because of her status as a patient who violated parole from the state narcotics treatment hospital at Spadre, to which she was committed several months ago by Superior Judge Marshall McComb as a narcotic addict.

At Spadra she was placed under treatment for the drug habit, but was involved in some disturbing episodes and was later paroled to her mother and her husband, Ricardo Cortes, who removed her to a secluded place at removed her to a secluded place at Pomona, Cal.

\$500 in cash prizes including a first prize of \$200 will be paid for the best 19 letters of approximately 200 words about the Harris Trust Savings and Life Insurance Plan. Anyone, except employees or members of their families, is eligible to receive these cash prizes.

We are convinced that there is no better plan on which to build toward financial independence. We want the opinion of the man or woman who will study the plan or those who have already enjoyed its benefits.

The plan is flexible enough to suit the purpose of anyone whether his earnings are large or small. And it combines insurance with sound investment and saving in such a way as to make it suitable for a wide variety of purposes.

The plan has already met with a full measure ds of \$50 suits at \$53.50 each ab

The winning letters will be selected by a committee appointed by officers of the Bank Prizes will be distributed as follows: 1st prize \$200, 2nd prize \$100, 3rd prize \$50, 4th prize \$35, 5th prize \$20, 6th to 10th prizes \$10 each, 11th to 19th prizes \$5 each.

Letters must arrive before midnight of June 15th.

IT is a sale where you buy an item at the regular price, then another item of the same kind for one cent. As an illustration: The standard price of Klenzo Dental Creme is 50c, you buy a tube at this price and by paying one cent more, or 51 cents, you get two tubes and save 49 cents. Every article in this sale is a high class standard piece of merchandise, just the same as is sold every day at regular price. No limit—buy all you want, No limit—buy all you want, but on Thursday, Friday and Saturday only!

A PROFIT SHAR ING METHOD OF ADVERTISING

THIS sale was developed by the United Drug Co, as an advertising plan. Rather than spend large sums of money in other ways to convince you of the merit of these goods, they are spending it on this sale in permitting us to sell you a full size package of high standard, merchandise for one cent. It costs money to get new cuscosts money to get new cus-tomers, but the sacrifice in profit is justified, as we know the goods will please you.

Billion Annuity.

BY HENRY WALES.

[Chicago Tribune Press Service.]
PARIS, May 16.—Solution of the pied the international finance experts for fourteen weeks appeared near to night after the four chief creditors, France, Great Britain, Belgium, and Italy, had spent four hours examining the report drafted by Sir Joseph Stamp. The report conforms with Germany's reservations on the acception ance of Owen D. Young's proposed figures averaging 2,050,000,000 marks (close to \$500,000,000) over 37 years.

"I wish some one would write me insurance on the conference over Monday," Mr. Young remarked when asked if there was a possibility of a windup during the next four days, but no one attempted to hide his optimism.

Unagreed on Split.

Despite the presistent reports that the second of the plan with perhaps another week to thread of the Chicago Church federation, declared in an editorial in the federation bulletin for May, released yesterday. When the fine things of iffe in Chicago become "news," it will be time to despair, he declared.

J. Pierpoint Morgan tonight was hopeful that he would be able to sail on Saturday on the Belgenland it to morrow's meeting is satisfactory.

Unagreed on Split.

Despite the persistent reports that the proposals are not acceptable to the allied governments, not a single delegate made an outcry as Sir Josiah read through the report interjecting the conditions that Dr. Hjalmar Schacht, the chief German delegate, made on various points.

Although they are still unable to agree among themselves as to how the annuities are to be divided the allies seem decided to accept what is offered after whittling down a few more concessions, as the best terms obtainable.

Dr. Schacht asked for the raising of the lien of 11,000,000,000 marks [about \$2,618,000,000] railroad debentures but pointed out that the 800,000,000,000 marks loan [about \$190,400,000,000] roil the floatation of the Dawes plan takes the railways as a partial security.

Asks Two Year Moratorium.

Dr. Schacht asked for a two year moratorium in case of the financial and economic stress of the German nation and government, but leaves unclear who is to decide when the Berlin government is entitled to delay payments as any official action would precipitate the financial ruin of the fatherland, ruin credit, cause runs on the banks, and depreciate the currency. Asks Two Year Moratorium.

ROTESTANTISM Criticize the Return of "Military Rule." BY CHARLES DAILEY.

[Chicago Tribune Frees Service.]

MANILA, P. I., May 16.—The prospective appointment of Dwight F. Davis, former secretary of war, as governor general of the Philippines, has been received with mingled feelings. The Filipinos generally express disappointment, especially the Nationalists or majority faction. Supporters of acting Governor General Eugene Gilmore assert it is a return of military domination.

Davis might make it impossible for him to accept.]

Business men generally, and particularly Americans, express satisfaction. They consider Mr. Davis a better man than any other yet mentioned, he having little knowledge of the Philippines, though being well informed on the general American policy toward the islands.

Quezon Expresses Disapproval.

Although Manuel Quezon, president of the senate, and other leaders are unwilling to express themselves free-

policy of former Gov. Gen. Henry L. Stimson.

Emiliano Aguinaldo, leader of the Veteranos, cautiously praises Mr. Davis and assures the support of his organization, but the general run of politicians express disappointment that civilian control cannot continue.

Press comment is guarded, awaiting the view of the political leaders. The Bulletin regrets the passing of Mr. Gilmore and expresses displeasure with the appointment of Mr. Davis. The other papers feel that independence has been further deferred.

"Mother, our PIANO looks so old-fashioned"

DON'T let your daughter be uncomfortable about the looks of the living room when she entertains her friends. Don't let her be embarrassed because an old clumsy-legged piano stands heavily in a corner, provoking mirthful glances, and proclaiming cruelly, "we haven't kept up with the times!" Your children's home should be as newly beautiful as the homes of their friends.

To take the place of your old-fashioned piano J. & C. Fischer offers this beautiful little Baby Grand in the style of Duncan Phyfe.

In its desk and slim uprights the graceful lyre—a classic design tracing back to the glorious art of Greece and chosen by Duncan Physe as his characteristic motif—has been used. Its slender legs are adorned with the delicate fluting that has made Duncan Phyfe famous, and because it is so pure and chaste in design, this model is at home in any decorative scheme.

Only 5 feet, 3 inches, this Duncan Physe Baby Grand fits snugly even in the smallest room.

Explains His Action.

The governor issued this explanation of his action: "Regardless of the merits of the controversy on capital punishment I cannot agree with the terms of this bill. It is one of the most extreme and inflexible measures of its kind that ever has been proposed.

The measure was devised in the controvers of the bill."

The measure was devised in the control of the state of th

"There is no discretion permitted by either judge or jury. This bill requires, without exception, that the death penalty shall be inflicted upon every person convicted of first degree murder regardless of age, sex or circumstances. It includes the boy of 17 and the woman of 70.

"It may be said that in actual practice, youth and old age would not suffer the extreme penalties of the law because of the merciful attitude of juries in finding the respondent

of juries in finding the respondent guilty of a lesser degree of crime. However, it is assuming that a jury would fail to convict of murder in the first degree contrary to the evidence prodegree contrary to duced at the trial.

LENROOT MAY GET SENATE'S O. K. FOR **CUSTOMS COURT TODAY**

of Law in Michigan.

(Picture on back page.)

Lansing, Mich., May 16.—[Special.]
—Michigan will not electrocute its first degree murderers. Gov. Fred W. Green today vetoed the Lennon-Wood capital punishment bill just passed by the legislature.

He explained that he considered the act too risid in its application to all persons convicted of first degree murder, no matter what the circumstances of the crime, and of a controversial nature which should have been placed before the electorate for a final decision.

While there are reports at the capitol that proponents of the death penalty will seek to initiate a referendum on the issue, it appeared probable that the governor's action will doom the movement to revive a form of extreme punishment outlawed in this state for more than 80 years.

Of the Court of Customs Appeals to morrow.

The radical opposition to Lenroot's appointment, led by Senator G. W. Norris [Rép., Neb.], mustering its greatest strength behind a motion to consider the appointment in open session was defeated by a vote of 34 to 38 and the fight will be resumed to-morrow behind closed doors.

The same group, basing its opposition to Lenroot's admission that after retiring from the senate he accepted a retainer from public utility interests, succeeded in pigeonholing his nomination when it was sent to the senate by former President Coolidge last winter.

Early in the federal trade commission's probe of alleged "power trust" in propaganda methods, it was disclosed that Learoot had been retained as a Washington representative of a national public utilities organization for a short period.

Lenroot insisted he was not a "lobbyist" in any sense of the word.

Senator Reed, who, as chairman of the senate's military affairs committee, introduced the universal draft bill with other war department legislation, asserted he is in "full accord with the American Legion, that the next war must see no profiteering of the sort that diagraced the last war."

"As to the question of compulsory military service," declared Senator Reed, "the last war showed us that it is unfair and unrighteous to require the service of human beings in connection with military operations without

Massachusetts, and the publisher of the Boston Post.

Richard Grozier, editor and publisher of the Post, testified that a \$20.00,000 cash offer for the purchase of his paper had been made last February by Charles O'Malley, a Boston advertising agent, who, he said, had represented himself as acting for the Insull power interests. Grozier declared that the offer was not considered "seriously," as he thought O'Malley was "talking through his hat."

Twenty-two Waller batters faced Valcek, Of these, he struck out eleven and walked one, Nagle, in the seventh. The latter was the only Waller player to reach first. None of the Lane out fielders was credited with a putout, since every Waller batter who managed to connect hit to the infield. In addition, Varcek contributed a double and a single, while Smilgoff, his battery mate, got a double and a pair of

BANKING... and The

TT is one thing to be bound by tradition. It L is another-to establish precedents.

We feel-here at The Foreman National Bank and The Foreman Trust And Savings Bank -that banking needs an open mind. The progressive, modern viewpoint. The willingness to listen. The capacity to understand. The courage to take a new road.

And so it is that the open mind is given precedence over tradition. So it is that our officers are never too busy to see you-and talk with you. Attentive-alert to your ideas, constructive in their suggestions. They want you to feel at ease and at home. They want to make it easy for you to avail yourself to the fullest degree of the complete services of this big bank.

The open mind symbolizes the real spirt of this institution. The warm, genial spirit that has won many thousands of steadfast friends.

> And these friends have brought others, to share this unique banking service. So many, in fact, that in the past 20 years our resources have grown from less than 10 millions to over 125 millions without the aid of consolidation.

Mr. J. Hartley Taylor, President, has summarized his letter regarding the Company, as follows:

History and Business: The business of the Taylor Milling Corporation was organized by the present management in 1902 with an initial capital of only \$1,500. It has grown steadily since that time until today it is the largest exclusive manufacturer and distributor of poultry feeds on the Pacific Coast.

The Company manufactures a complete line of stock and poultry feeds which it distributes throughout the entire State of California by means of a well established sales organization. It has specialized particularly in poultry feed because in recent years the poultry industry has become one of the major agricultural enterprises in this State. It is poultry raising and exporting states in the entire country.

Two main manufacturing and milling plants are operated at Los Angeles and Stockton, both of which are strategically located to serve the major poultry raising sections. Besides these, distributing warehouses are maintained at Petaluma, Monrovia and Colton, California.

Sales and Earnings: The Company's net sales and net profits after all charges, including interest, depreciation and Federal taxes, but before deduction of officers' bonus, which will be non-recurring, as certified by Haskins & Sells, for the three years ending December 31, 1928, were as follows:

The average annual net earnings for the above three years were \$385,632.98, or equivalent to \$3.85 per share on the

Balance Sheet: The accompanying balance sheet, certified to by Haskins & Sells, as of December 31, 1928, shows an excellent financial condition, having current assets alone of \$909, 365.25, as against total liabilities of only \$151,354.36, are entirely free of indebtedness.

Management: The same management which has been entirely responsible for the profitable development and expansion of this business, will continue to direct its affairs and have a substantial financial interest in it.

Dividend: The management of the Company has declared its intention of immediately placing the Common Stock on an annual dividend basis of \$2.50 per share, payable quarterly, beginning July 1, 1929. The offering of 75,000 shares of Common Stock represents a portion of the holdings of certain individuals and does not provide capital for corporate purposes. We are offering, if, when, and as authorized, and accepted by us, subject to approval of legal proceedings by counsel, a portion of this issue (which issue has been underwritten by a Pacific Coast group headed by George H. Burr, Conrad & Broom, Inc.) for distribution in the Eastern States.

All legal details in connection with this issue are subject to the approval of Mesers. Gibson, Dunn & Crutcher, Los Angeles, California. Auditors,

order of things was a sharp drop in the call rate—from 14 to 8 per cent. The posting of the high renewal rate was a keen disappointment to the bull element and turnished impetus for the renewed selling movement on a heavy scale.

It did not take long to demonstrate the artificiality of the high rate, however, and when the usual noon change was announced the rate was cut to 10 per cent. Liquidation slowed up with the string of the list headed definitely for higher levels.

Energy-spending children need this energy-making drink

All healthy growing children spend their pentup energy freely. They never think of saving it, the way grown-ups do.

That's as it should be, just so long as mothers see that this precious energy is replaced as fast as it's burned up.

One of the quickest ways to do it is with Borden's Chocolate Malted Milk. Every delicious drop is packed full of healthful nourishment. Yet so light and digestible it "renews" a child almost instantly. Can be taken between meals. When children are too tired for solid food. At bed-time, or as part of their regular meals. Always energy-making and wholesome.

Keep a supply of Borden's Chocolate Malted Milk on hand for your children. Give them some every day. They'll love it. And watch your children thrive on it.

A Smart Coat for the Girl of 12 to 16

BY LOLITA.

NEW YORK.—[Special Correspondence]—"Sally! You must wear your coat?" How many mothers are always shouting after retreating, youthful ful feet this cry of warning. Usually it proves to be a war cry, for anything smacking of good sense which cramps Sally's style is hotly resisted. However, take a look at the coat we depict above and cheer up. It is especially designed to lure the girl from 12 to 16 years into the shelter she needs on cool summer days. Nothing, for instance, could be more practical for shipboard and travel.

Thin? Weak? Here's Quick Way to Gain Weight IRONIZED YEAST An Ugly Body Ruins Your Charm

Easy Way to Gain 5 to 15 Pounds in Few Short Weeks. Your Own Druggist Guarantees Results-or Pay Nothing

Put Good Solid Flesh on Skinny Body. Fill Up Ugly Hollows. Get Rid of Pinched, Haggard Appearance That Makes You Look Old. Gain New Energy; Better Nerves.

Some of the writers of these letters had tried to gain weight for years, in vain, before they learned of the wonderful flesh-building properties of Ironized Yeast. They had eaten heavily of creams, sugars, sweets and starches without putting on a single extra pound. Yet Ironized Yeast accomplished its weight-building wonders—in such a surprisingly short time—after years of other methods had failed.

Ironized Yeast also filled out their sunken cheeks and banished the pinched, haggard looks, which made them look older than their years. It gave them new energy. Many write "I now feel and look years younger."

You, too, should use this quick, easy way to add pounds of good, solid flesh; fill out ugly hollows; round out stringy neck, put attractive curves on "skinny" limbs. Your druggist guarantees quick results—or pay nothing.

Ironized Yeast Works **Quick Wonders**

How and Why

onized Yeast is two great tonics in one. eight-building Yeast and strengthening, ood-enriching Iron. The Yeast is Brewer's Yeast. It is the kind physicians prescribe to build weight and clear the skin—the kind used in making malt and which makes malt so beneficial.

Don't Let

Skin Blemishes

Mar Your Beauty

Don't let pimples, blotches and other skin eruptions or a pasty sallow skin ruin your charm. People write that Ironized Yeast quickly removed every pimple, every blemish; and banished sallowness and pastiness.

The Yeast overcomes the digestive troubles and constipation which fill your blood with the poisons which cause so many skin blemishes. Then the skin becomes soft, fresh, youthful. The Iron makes the pure rich red blood that gives you a healthy, widlick color.

If YOU could see the letters that pour in here daily, you would be convinced that there is positively no excuse for you to be "skinny" and weak any longer. They tell how Ironized Yeast has put on 5 to 15 pounds of good, solid flesh in a few short weeks.

It is especially concentrated for flesh-building results. (It takes a whole ton of Brewer's Mall Yeast to make less than 3 bushels of the concentrate which goes into Ironized Yeast.) Think what a lot of weight-building value is put into each Ironized Yeast tablet by this extraordinary concentration!

> Users Tell How They Gained Weight, Health and Charm

"Took all kinds of flesh and blood builders with no effect. Then tried Ironized Yeast. To my surprise I gained 21 pounds." - (Mr.) C. W., Benham, Ky. Iron Added to Enrich

the Blood

This highly concentrated Yeast is treated with two kinds of Iron used for years by the highest Medical Authorities. Iron enriches the blood; puts roses in the cheeks; tones up

The Yeast is further treated with Violet Rays, the latest scientific discovery, which increases its energizing and weight-building Only when Yeast is *Ironized* in this way is it most effective. For Iron is needed to bring out the weight-building, strengthening values of Yeast.

By this special process, Ironized Yeast gives you results in half the time required by Yeast or Iron taken separately.

Quick results—that is the seeret of the popularity of Ironized Yeast. When you decide to fill out "skinny" body, gain new health, and a clear skin, you want results quickly. Ironized Yeast offers you quickest results—on your own druggist's guarantee.

Don't be "skinny", nervous, tired or weak any longer. Don't let a blemished skin destroy your charm. Get Ironized Yeast today from any druggist. Pleasant tablets without "yeasty" taste. Do not upset stomach; no gas or bloating; 100% beneficial without a single drawback.

Physicians Tell Why Only Yeast and Iron Can Build Weight and Health

Your own physician will tell you that it is not what you eat but what you digest that gives you good, solid flesh and vigor. The heartiest eaters often remain thin and weak because so much food passes out of the body

Yeast acts on the food and makes it easy to digest. It causes it to be converted into flesh-building substances instead of being wasted. The Iron completes the good work of the Yeast by giving you rich, red blood which carries these food elements to the parts of the body where they are needed and thus adds weight and vigor quickly.

What Physicians Say!

Following are extracts from reports of hundreds of well known physicians from all parts of the country. For professional reasons, names are not given, but the reports are all in our files and may be seen at any time. Note the preference for Brewer's Yeast, the kind used in Ironized Yeast.

"Brewer's Yeast fine as weight builder." 'Doctors and Customers Praise It" "Have been using Brewer" east in run-down conditions."

"I know of great many cases where customers gained from 10 to 15 pounds taking Ironized Yeast. One customer who takes it for run-down condition says it is the only thing that ever helped him."—Claude M. Stanley, Minneapolis, Minn. "Have seen good results with

TO RENT-APARTMENTS, INTERESTING

The Co-operative Apartment Does Have the Advantage Does Have the Advantage
over the individual home. Take the 11
room apt, with 6 baths, at 996 Lake Shoreter, as an example. The price of this apt,
is 62,483, of which \$29,483 is a 15 year
is mortgage with no prepayments, leaving
cash investment of \$32,500 for the equity.
The monthly interest is \$135,84; the
monthly maintenance cost is \$147,16, including taxes, coal, repairs, etc., together
with the salaries of eleven men to serve
you night and day. The purchaser of this
apt, also becomes the owner of 780 aq. ft.
of the most valuable corner on Lake Shoredr., with a total of 18,175 sq. ft. and a
256 ft. lake frontage.

Place your own valuation on this ground
and compare these values and maintenance
costs with a house in any location which
you would consider desirable. May we
show you this apt,?

REAL ESTATE LOANS.

SECOND MORTGAGE LOANS

Our rairs to start with were very much below the prevailing charges in this kin or business, but the fact that we kep business, but the fact that we kep conclusive proof cost down should be conclusive proof to the home owner. We operate our second mortrage business as a business, but we did not start this business with any idea of making a "killing" at the home owner's expense. The second mortrage borrower abould nay for his accommodation, that he county nay a cost which bears a reasonable comparison to other normal and possible better understood financial transactions. we confine ourselves to the field of making second mortrage loans on bonder and up to three apartment buildings and up to three apartment buildings and that is just one of the reasons why our charges have been and can remain so low.

We charee 6% accruing interest and a commission of 3%% for one year. 6%% for two years and 9% for three years. The borrower n ay reduce his bean at the rate of 2% a mouth or more if he cares to. We do not slide the commission up or down depending upon the borrower's choice of a maximum or minimum monthly 243-

As we told you before, we were obliged to seek new and larger quarters in which to operate. We are how most comfortably and efficiently and efficiently and efficiently and clarkest. Mr. Frank V.
